Scrimshaw is the official yearbook of Southeastern Massachusetts University and is published by the students of Southeastern Massachusetts University. All questions should be directed toward the Editor.

book information

Delivery date: Fall 1984
Published by: Jostens Printing & Publishing Co.
Sales Rep: Norvall Garnett Jr.
Senior portraits by: The Imagemakers
Cover design: Chuck Sirois
Cover Photo: Rene Boutin
Cover wrap: Black mat, Black gloss print, White highlights
Orwell pages: Colleen Hanlan
End sheets: Blind embossed, Stainless Steel grey
Paper stock: 80 lb. gloss
Page size: 7.75 x 10.5
No. pages: 272
Copy style: Avant Garde
No. of book copies in press run: 1300

To William C. Wild, Jr.

You have as a teacher, as Department Chairperson, as Dean, and now as President dedicated your life to the creation and continued development of Southeastern Massachusetts University. Your skills as an educator and an administrator, and your deep personal concern for the welfare of this community have left their mark on generations of SMU students. It is lasting gratitude that we dedicate this yearbook to you.

With a 17-5-1 record and the E.C.A.C. Division 3 Championship, the SMU Hockey Team had a great year. Senior Tom Findley was named E.C.A.C. Division 3 Player of the Year. His brother John was chosen the most valuable player in the E.C.A.C. Division 3 Tournament. Peter Barbagallo received the "Hobey Baker, Memorial Award", given annually to the top collegiate hockey player nationwide for the various divisions.

CLUBS

board of governors

The Board of Governors is comprised of fifteen students and two administrators. It works with the Director of the Campus Center and is its policy maker. Each student on the Board represents a particular SMU group: 4 Residents, 5 Commuters, 1 Graduate Student, 1 Alumni, 1 Continuing Studies, 1 Congress, the President of the Program Council, the President of the Student Senate, and the President of the Resident Halls. Elections are held in the Spring with each term of office being two years.

The Black Student Union aims at improving the spiritual, cultural, and intellectual life of Black students attending SMU. Through such activities as guest speakers and dinners it hopes to increase an awareness of black culture both within its members and the SMU community in general.

black student union

omniad

physics club

The Physics Society's aim is to develop the student's curiousity in, knowledge of, and social responcibity in their study of physics. Through films, guest speakers, and trips it hopes to develop relationships among students, faculty, and professionals.

outing club

phi psi

resident housing committee

student advisory program

The Student Advisor Program is aimed at presenting peer advisement to SMU students concerning their academic and social needs. The Student Advisors receive training in helping skills as well as in the facilities available at SMU. Their goal is to listen to students' feelings reguarding SMU and to provide supportive information.

student senate

The SMU Student Senate is the governing organization that represents all SMU students. The members of the Senate are elected and in turn are appointed by the President of the Student Senate to various faculty and administrative committees.

smutco

The SMU Theatre company is a very widely known campus group. Each year they produce seven plays, two of which are musicals. Students are involved in all phases of the work from acting to set-design.

wusm

The main object of WUSM is to serve as a source of information to the general student body. This includes community and campus news and announcements, as well as current events. WUSM is the only progressive radio station in the area, providing music popular with students that they may not hear elsewhere. WUSM has worked hard for the reputation they now attain. Two years ago they were granted increased wattage, which now stands at 1500 megaherts. This year a new sound system was put in, and next year . .? Much credit goes to General Manager Mike Voisine

HAPPENINGS

eisteddfod

Eisteddfod, SMU's fall festival, was a good success this year. A celebration of the folk tradition through music, dance, arts and crafts, and workshops. It was very well attended by both students and community.

mcgovern

George McGovern appeared at the SMU campus one week before the Massachusetts primary. He was well received and discussed his positions of a reduced defense and arms budget, his belief in a nuclear freeze, and his desire if elected President to stop U.S. military operations in Central America.

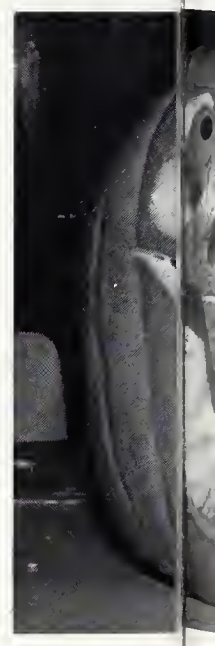
Governor Dukakis spoke here in late October, expressing his support for S.M.U. as the "center of excellence for Southeastern Massachuetts." He stated his desire for a new science building in the future.

"the duke"

senior citizens' ball

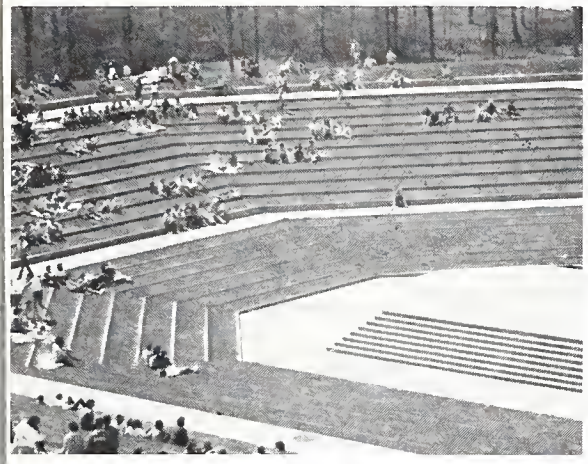
smu policemen's ball

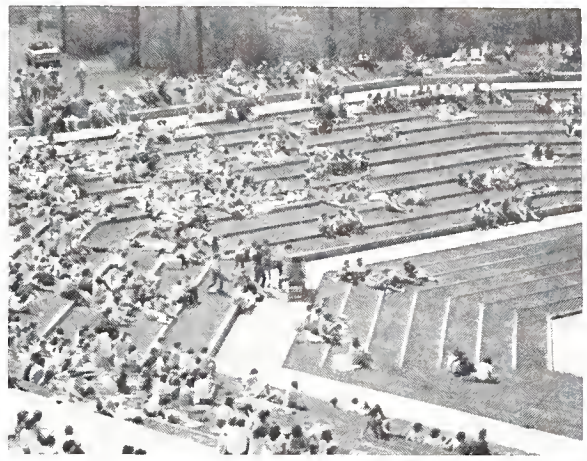
The SMU Police Force is a key part of SMU that should not be over looked. They are working every day to keep this campus safe. This year especially, rules and restrictions became tighter; the dreaded front gate road block as an example. But, their rules are of course efforts to keep us from harm and danger. As an appreciation and benefit for the SMU students, once a year the Police Force throws a fund raising ball for scholarship purposes.

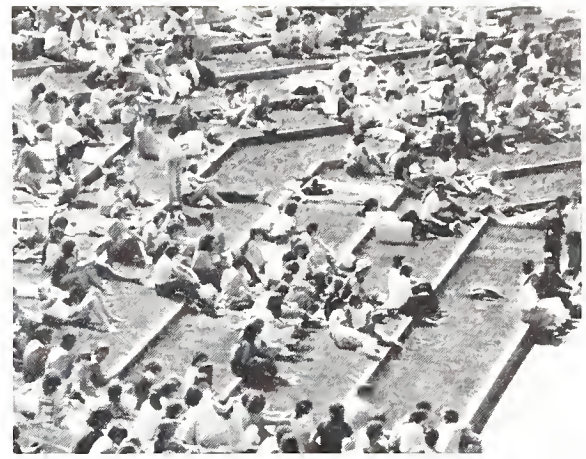


hallowed e'en

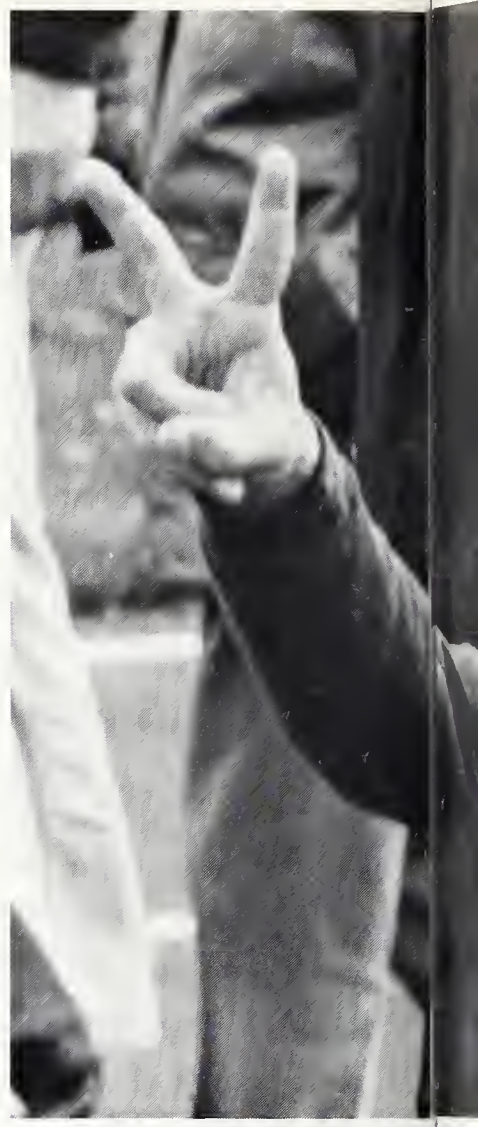
spring '84'







1984



NAZARETH

special olympics

SMU certainly proved itself this year as the host of the Bristol County Special Olympics. No one thought we could do it, but with much enthusiasm on the part of the Vets Club, WUSM, and key individuals such as John Montigny and John Camara, the Olympics ran smoothly. It was quite an event for everyone involved.

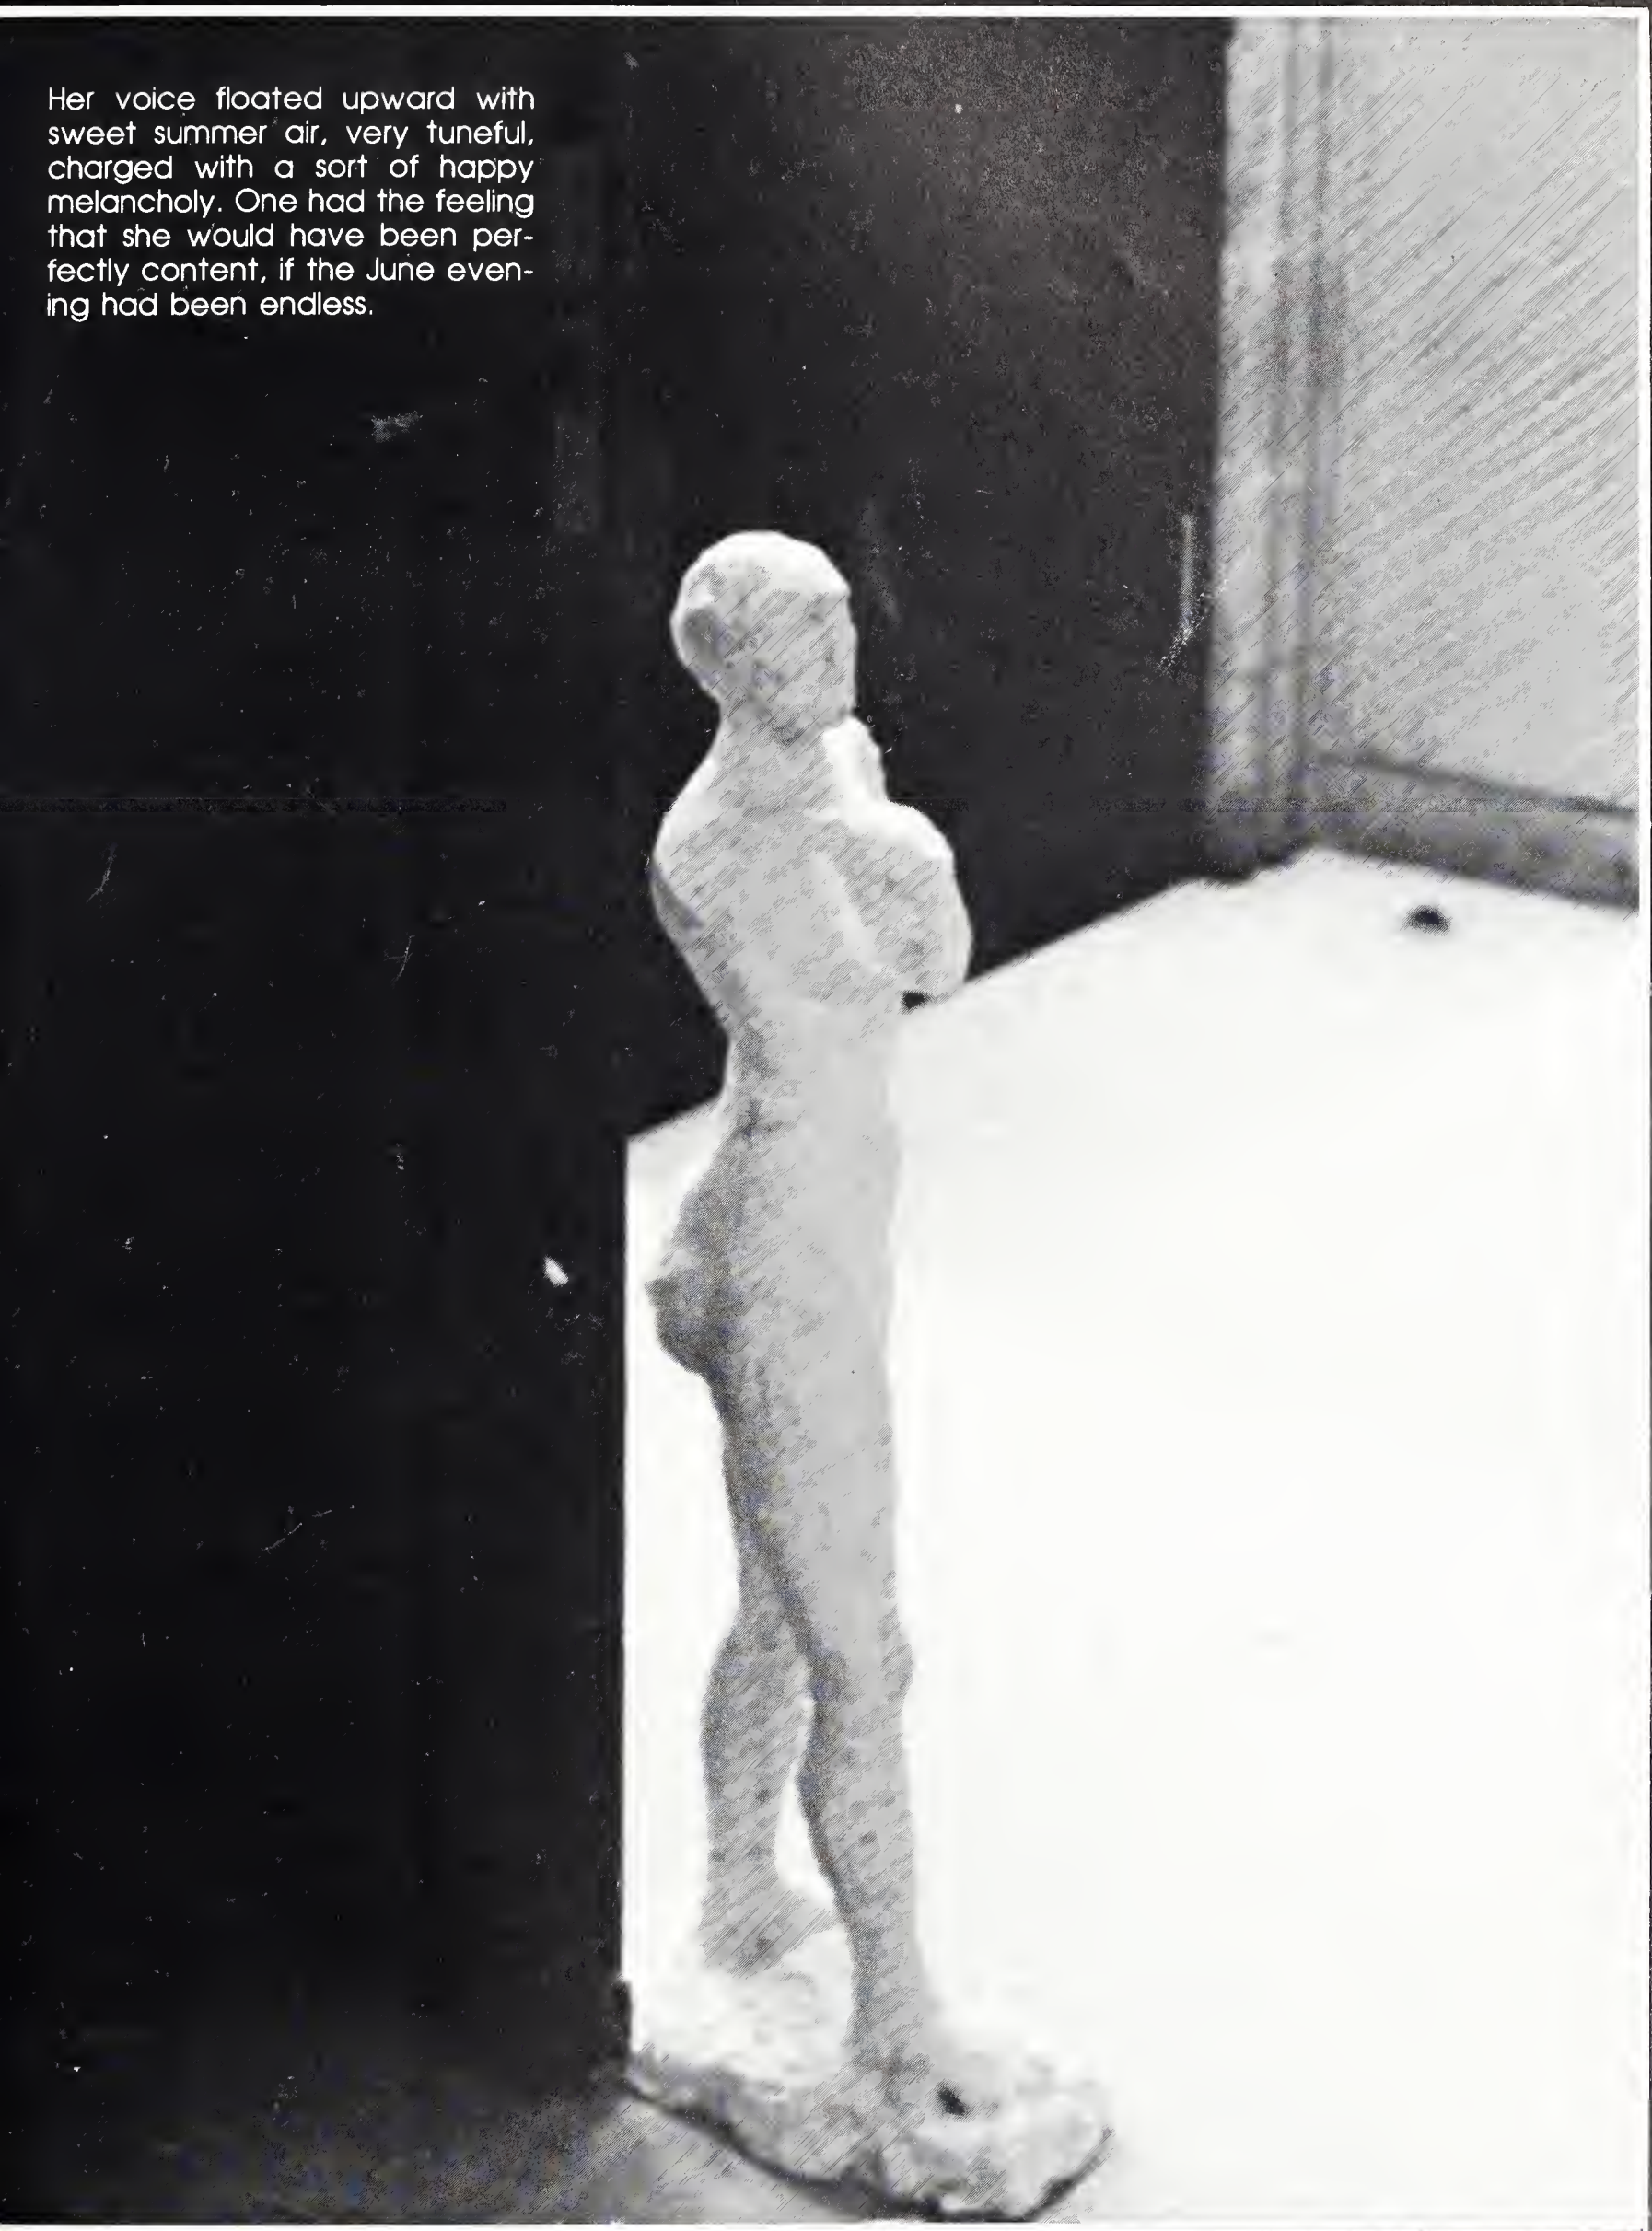
ORWELL'S DILEMMA

War is peace

Freedom is slavery

Ignorance is strength

Her voice floated upward with sweet summer air, very tuneful, charged with a sort of happy melancholy. One had the feeling that she would have been perfectly content, if the June evening had been endless.



They could not alter your feelings: for that matter you could not alter them yourself, even if you wanted to. They could lay bare in the utmost detail everything that you had done or said or thought; but the inner heart, whose workings were mysterious even to youself, remained impregnable.

How 'bout ducks

We as concerned seniors feel that we should leave our University something to remember us by making some important contribution to beautify the campus. How about ducks? We have two ponds on campus (or 10 depending upon the weather) and after all, what's a pond without ducks? Ducks would give us all something to look at, photo students could take pictures of them, nursing, bio, and psych majors could study them, children from the day care center could learn about them and collect the discarded feathers to give to the art majors who could make quill pens out of them so that the business majors could sell them. The engineers could build little duck houses for them. But seriously, the ducks would love it here at SMU and we might as well take advantage of our high water level. Ducks wouldn't cost as much as a high tech gift or other luxury and more people would enjoy them. This is a heartfelt and direct request that ducks be a gift from the Class of 1984 to SMU.

Sincerely,
Deb Marzano, Pam Tucker, Andy McKearney, Pat O'Grady, Mike Benoit, Norma Kierstead, Beth Hopkins, Lisa Calabria, Gail DeBettencourt, Jamie Duggan, Jenny Shea, June Hawley, Mary Jo Flaherty, Russell Hicks, Eric Ertel, Jean Hauley, Scott Mike, Kathy Rosie, Pam Godschall, Karyn Murphy, Mike Sullivan, Sue Blenkhorn, Joe Mikolajczyk, Susan Buckley

commencement address: Margaret Heckler

remember

when . . . .

As Editor, I Jennifer Nixdorf, would like to dedicate the last page to my staff: Lay-out Editor Tara DiPersio, Photo Editors Chuck Sirois and Colleen Hanlan, Copy Editor Steve Wilson, and all others who helped: Chris Kennedy, Linda Paccia, Mike Southard, Beth Wihry, Joyce Rainey . . . .

Much recognition sould be given to Tara DiPersio and Chuck Sirois for responcibility and effort toward the majority of the book. Credit goes to Chuck for the cover design, Tara for the design theme and thanks to Rene Boutin for the cover photograph.

It was said that it couldn't, or shouldn't be done. Yes, this book was put together in a mere five months. Due to the lack of an organizational staff, the book was off to a late start in January. Therefore, I owe a lot to those who contributed in efforts to collect first semester pictures. Thanks to: the Torch, SMU A.V. dept., Manny Perera and Julie Tremblay, SMU Athletics, Bill Gathright and Judy Sullivan, Campus Prpmotions, Greg Stone and Ken Boostrom, and The Imagemakers as the campus photographers.

I conclude my thank you's with mention of Norvall Garnett, Jr. As Sales Rep. and Counselor he played an important role in our guidance. Thanks Norv and thank you to every one who contributed to Scrimshaw 1984.

A success or not we have come to completion.

CHEERS. To the book that almost wasn't!
